AMERICAN DISTILLING CO

MADE FOR THE WORKING MAN,
BY THE WORKING MAN

VODKA Five times distilled, small batch vodka. Pure and smooth with a clean finish. The perfect vodka for entertaining and it's made in the U.S.A

American Distilling Company is a family owned business and the employees are considered to be the most important aspect of the enterprise. They collectively came up with the idea to create a line of straight forward, American distilled spirits honoring the men and women who have shaped our nation into what it is today.

Each American Distilling product features a retrospective image on the label depicting the mighty Industrial Era of America; the era of hard working people who built this country. Just like a 1941 Hudson Coupe, the powerful railroads, the old steel factory, riveted denim jeans and mom's apple pie - they're all made in America!

American Distilling Company will keep Americans returning again and again for its quality spirits. Made with water that is purified by using a reverse osmosis purification system, no fancy labels or pretty bottles, just straight-forward American grain spirits made the old fashioned way - with a lot of hard work. Buy American!
Great for On-Premise for use in bar wells!

★ UNCLE VAL'S GIN ★

HANDCRAFTED

Origin:
Sonoma, California

TRULY UNIQUE AND SMOOTHLY DELICIOUS

Uncle Val's Botanical Gin is a small-batch botanical gin inspired by Zio Valerio's (Zio means 'Uncle' in Italian) love of gardening and Tuscan cuisine. The botanicals were chosen because they're not only Uncle Val's favorite cooking ingredients, but also happen to make a truly unique and smoothly delicious gin. These botanicals can still be found in his home garden in Lucca, Italy, perhaps along with Uncle Val himself, sitting in the sun and enjoying the fruits of his labor.

Uncle Val's Restorative Gin Exhibits a crisp taste profile that harkens back to the classic American gin. Awakening your olfactory senses with its refreshingly bright taste and pleasing bouquet, the gin lives up to the name Restorative. This gin is great on its own –as Uncle Valerio would've undoubtedly preferred –but it's also well suited to cocktails, adding a complex yet sublime blend of flavors to your recipe.

Uncle Val's Peppered Gin Creating an intriguing first impression, the nose offers crisp black peppercorn and a hint of charred peppers greet the nose, while a bold pepper flavor and tingly, salty sensation make up the mouth-feel. With a sip, the crisp, salty pepper evolves into a sour-sweet juniper taste and the pleasing bite of charred red peppers, all of which finished with the smooth, fading sense of peppercorn.

BIB & TUCKER

BOURBON
WHISKEY

“WHY IT’S A FINE TIME TO DRINK”

During America’s rough and tumble early days, the term “bib & tucker” was used to describe your finest attire, the kind you’d wear to a wedding or special dance. Along those same lines of thinking, 35 Maple Street is putting forth their finest. BIB & TUCKER is a delightfully smooth bourbon sporting notes of chestnut, and it’s crafted with a sense of dedication that is only present when you know you’re making something truly special.

Bib & Tucker leads with a strong vanilla scent along with fresh cut sweet grass, wet stone and old leatherbound books. With a smooth entry, the bourbon is nicely balanced with a hint of sweetness. It fulfills the promise of its nose before evolving into a warm, lightly crisp, spicy sensation. Bib & Tucker lingers in the mouth with a complex, yet balanced chestnutty taste.

DOMINICAN RUM
KIRK and SWEENEY

Origin:
Dominican Republic

12 Year - Initial taste reveals a nectar-sweet quality, leading to a weightier body that indicates substantially aged rum that's serious in character but not overbearing. Light notes of vanilla and wood hit the palate transforming into an incredibly smooth offering. Bold, ripe, and sweet vanilla flavors evolve near the end, providing a smooth, long and luxurious finish.

18 Year - Eighteen years of aging and expert blending come to life with the first taste, revealing a deep vanilla flavor, followed by dried fruits, nutmeg, cinnamon spices and a hint of oak. Immensely smooth all the way through, this rum unwinds with a gently wavering sensation of oak, sherry and raisin.

23 Year - Having spent 23 years in the barrel, this rum is as pleasantly complex as the nose and aging would suggest, offering a rich evolution on the mouth—from fresh, sweet sensations to dried fruits. Finishing off each decadent sip, you'll find end notes that range from a distinct caramel, to sherry, to a well-balanced blend of almond and vanilla.

MASTER DISTILLERS FOR FOUR GENERATIONS

For more than a century the master distillers of Caffo have been producing spirits, distillates and herb liqueurs with the most typical ingredients of this land and of Italian culture. A journey which started in at the end of the 19th century on the slopes of Mount Etna when the founder Giuseppe Caffo, already a master distiller, realised his dream by taking over in

1915 an old distillery at Santa Venerina (CT) in Sicily for the purpose of dedicating himself to his passion and passing down the knowledge gained to his children.

It was with the second generation that the company “Fratelli Caffo -Distillerie di alcole, brandy e tartarici” was established by three of the founder’s children, who were soon to expand production with the purchase of an existing plant at Limbadi in Calabria, a place famous at the time for its production of excellent red wine. It was from here that the company grew into today’s “Distillerie Caffo”, a concentration of business spirit which has grown and evolved with passion and enthusiasm into a modern group with offices in Italy and abroad. A success which can be attributed to the quality of the products made from the best raw materials chosen with expertise and carefully transformed by means of recipes that have now entered the history of Italian distilling art. Unique ingredients that have enabled Caffo liqueurs and distillates to be appreciated and marketed throughout the world. In a market that is increasingly distant from traditions, the Caffo family defends these traditions so that they become synonyms of excellence worldwide. Today Caffo is the prestigious name of an entirely Italian story.

Limoncino dell’Isola- This is an infusion of the fragrant and aromatic zest of Calabrian lemons made with strict respect to time-honored traditions. Serve chilled on its own or in special martinis.

Amaretto Liqueur- Naturally produced from Sicilian almonds and herbal infusion. It is to the many Fratelli d’Italia (Italian Brothers) that expert distillers and liqueur makers have dedicated this outstanding spirit.

Sambuca Secolare- Flavor and color are 100% natural. Serve this unique southern style Sambuca neat with 3 coffee beans for good luck, in a martini, or as a compliment to your espresso.

RUSSIAN VODKA

CLEAN AND SMOOTH FROM THE
PUREST REGION ON EARTH

What's Kutsikova? Well, beyond being the name that folks used prior to 1200 for the city of Moscow, Kutsikova is a new super premium Russian vodka. So how is it? In a word: excellent. Kutsikova is twice distilled and five times filtered through birch charcoal and diamond quartz sands. It's a thick vodka, one that's a pleasure to swish about your mouth. Kutsikova's is very smooth and clean, but that doesn't mean it is flavorless. Au contraire, it has rich toffee and grain notes.

PUMPKIN KING CORDIAL

Bob Munson is our absolute favorite farmer! Just 5 miles from our doorstep, he owns a little organic paradise of a farm where he grows the sweet Baby Bear Pie pumpkins Vapor Distillery roasts to create Pumpkin King cordial.

Vapor Distillery's Pumpkin King cordial comes from a little gem of an idea that our Master Distiller Ted Palmer carried about in the back of his mind since making pumpkin beer as a brewer. It took 3 years of tinkering and tasting to perfect this seasonally produced, handcrafted liqueur made by blending the sweet juice from hand-roasted Baby Bear Pie pumpkins, with freshly ground cloves, cinnamon, ginger, nutmeg, Madagascar Bourbon vanilla beans, and our award winning new western style RHok gin.

Yes, it's hard work, and the perfect example of a true labor of love. Each season we handcraft a small batch, and when it's gone, you'll just have to wait until next year...

Made with organic and locally grown baby Bear Pumpkins, Pumpkin Pie spices ~ clove, cinnamon, ginger, Madagascar Bourbon Vanilla Beans, Rhok Gin infused with hand mashed pumpkins all bottled by hand - 30% ABV.

RADICALLY DIFFERENT

It's new, it's mysterious and it's causing quite the ruckus in the whiskey community. Introducing the latest Ohio based Bourbon - Cleveland Whiskey's Black Reserve and The Eighty Seven Bourbon Whiskies.

By definition this new spirit meets the technical standards to be called Bourbon but that's about the only thing standard about their secret process.

Cleveland Whiskey has developed disruptive technology to dramatically accelerate the maturation and flavor development of distilled spirits. Our process creates a flexible and scalable "just-in-time" manufacturing environment, and a better product. The approach to making whiskey is Radically Different. Some call it sacrilege, but all we care about is taste.

The Eighty Seven Bourbon - Grainy with notes of sweet corn, soft spices, and a hint of lemon zest. The taste has heavy tannins and lemon zest with a lemon pepper spiciness that kicks in, leaving an astringent, dry, and tart palate with hints of clove and sweet corn in the background. The finish is dry, tart, and lemony. 87 proof like the name

Black Reserve Bourbon - Rustic and savory. Aromas are dry and dusty with wood chips and leather. The flavor profile is dry, silky, with roasted grain flavors, and deep concentrated vanilla. 100 proof
